The age grade a Junior rugby player participates at is based on the calendar year. It can be confusing to figure out the correct age grade as our season is split over two calendar years. It is similar to the school system where they move up a grade in the fall. Below are two formulas to help you calculate the appropriate age grade.

One formula to use is: Anyone who has their Xth birthday in **2020** is considered **Under X** in our 2019-20 season.

Example: A player who will turn 19 years of age during the 2020 calendar year is a U19 player in the 2019-20 season.

OR: Anyone who is **X-1** years old on December 31, 2019 is considered to be **Under X** for the 2019-20 season.

Example: A player who is 15 years old on December 31, 2019 is considered to be U16 in the 2019-20 season.
